

➔ ANNUAL REVIEW – DON'T FORGET!

CHECK!

- Insulin pen/device and technique
- Blood glucose meter and record book
- Insulin passport
- Correct dose

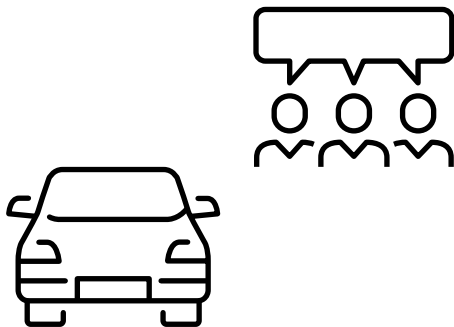

EDEN TOP TIP – See for yourself! Do they need replacing? Is the patient still able to use them safely?

CHANGE!

- Changing the lancet every test?
- Changing the needle every injection?
- Changing the site every injection*?

EDEN TOP TIP – See for yourself! ALWAYS look at and feel injection sites (as TREND* guidelines) When changing sites due to hypertrophy, a reduction in Insulin will be needed to avoid hypoglycaemia risks

CHAT!

- Hypo's and treatments*
- Driving **
- Sick day rules*

EDEN TOP TIP – ALWAYS discuss hypo's. ACT to prevent them. GIVE leaflets available at TREND*, Diabetes UK and DVLA**. Check BG readings.

Check our website, we are currently running 'Annual Review and Insulin training for all HCP's involved in caring for people living with diabetes.
